

## VOLUNTEER ACCOLADES

Friends InDeed would like to recognize **Shielah Baggett** for her contribution to MADD. Shielah shares her personal story. Thank you Shielah for being an extraordinary Friend InDeed.

Shielah Baggett

I came to the MADD ABILENE office in February 2006 through a "temp" assignment. I had heard of Mothers Against Drunk Driving for years but never needed their services. Delving into the booklets, pamphlets, workbooks, past history, manuals and binders of information about MADD was daunting. I HAD NO IDEA! I soon realized that the wide range of victim/survivor services complete with training classes provided an exciting volunteer opportunity for me.

I was right! I feel personally rewarded by the positive responses I've received from the victim/survivors and families. The more I learn from MADD, the more completely I'll be able to serve the good people whose lives were changed forever by a drunk driver.

I look forward to facilitating more Victim Impact Panels, taking more classes and staying close to my cases.
